GARDNER has always been a favorite comedian. Since his last visit to Louisville his stage success has lost none of its attractiveness, and his voice none of its sweetness. He is the same jolly soul, with a funny dialect, and sings and dances par excellence. "Karl, the Peddler" is a very pleasing play of his character, which is something like Emmet's "Fritz". Gardner has a good company.—Louisville Commercial.

Be Warned

In time. Kidney diseases may be prevented by purifying, renewing, and invigorating the blood with Ayer's Sarsaparilla. When through debility, the action of the kidneys is perverted, these organs rob the blood of its needed constituent, albumen, which is passed off in the urine, while worn out matter, which they should carry off from the blood, is allowed to remain. By the use of Ayer's Sarsaparilla, the kidneys are restored to proper action, and Albuminuria, or

Bright's Disease

is prevented. Ayer's Sarsaparilla also prevents inflammation of the kidneys, and other disorders of these organs. Mrs. Jas. W. Wells, Fort Hill st., Jamaica Plain, Mass., writes: "I have had a complication of diseases, but my greatest trouble has been with my kidneys. Four bottles of Ayer's Sarsaparilla made me feel like a new person; as well and strong as ever." W. M. McDonald, 46 Summer st., Boston, Mass., writes: "After many years with kidney complaint, by the use of Ayer's Sarsaparilla, he not only

Prevented

the disease from assuming a fatal form, but was restored to perfect health. John McEllen, cobbler, Bridge and Third sts., Lowell, Mass., writes: "For several years I suffered from Dyspepsia and Kidney Complaint, the latter being so severe at times that I could scarcely attend to my work. My appetite was poor, and I was much emaciated; but by using

AYER'S Sarsaparilla

my appetite and digestion improved, and my health has been perfectly restored."

INDIGESTION

To strengthen the stomach, create an appetite, and remove the horrible depression and despondency which result from Indigestion, there is nothing so effective as Ayer's Pills. These Pills are not a cathartic, or other poisonous drug, act directly on the digestive and assimilative organs, and restore health and strength to the entire system. T. P. Bonner, Chester, Pa., writes: "I have used Ayer's Pills for the past 25 years, and have not a single complaint of indigestion, or other poisonous drug, act directly on the digestive and assimilative organs, and restore health and strength to the entire system.
